# WHITE ROCKS

## Stunning Villa with view over Dalt Vila and Formenera

This impressive Villa located on top of a mountain in Can Furnet, near the town of Jesus (5m) and just 10 minutes from Marina Botafoch and Dalt Vila (Ibiza Town).

It has three different views; Mountain, Sea and Dalt Vila (center of Ibiza city) what makes it really special. On clear days you can see the island of Formentera in the distance and, every night, impressive night views emerge before an illuminated Ibiza town below.

Its location allows you to go sailing and be at home in about 10 m from Marina Nueva or Botafoch as well as go down to dinner (Cipriani, Zuma, Layla, It etc.) and dance in the nightlife area with the most atmosphere on the island (Pacha, Lio, Club Chinois etc.)

The Villa consists of 3 floors in which its various rooms and terraces are distributed over 900 meters. White Rocks has 8 spacious en-suite rooms and two very large lounges with their large terraces on its top floors. Access to the house is through the upper part.

On the first floor we find a huge living room with glass doors offering an incredible view, there is also a bar, a DJ booth and a great sound system, making it the perfect location for a small private parties. The same floor offers a vast bedroom with 2 king size beds and an en-suite bathroom with a bathtub, dressing room and storage spaces.

Can Furnet Area

Going down the middle floor, in addition to the kitchen, there is a very large living room and dining area. On the outside of the same floor there is a terrace with an outside seating and dining area and in one of the corners there is a space dedicated to the gym with large windows that allows the machines to be used with pleasant views.

On that same level there are two other very large exterior bedrooms.....

In the lower floor we find the pool area surrounded by rooms and in which a very pleasant atmosphere is created, enjoying the bath and sunbathing with its views of the sea. On this floor there are 3 more rooms inside the house and two other exterior rooms attached to the house that surround the pool.

There is also a Chill Out area where you can bbq, use as a children's area and even as a yoga space.

In short, Villa White Rocks can be summed up in a great home with an excellent location, wonderful views, spacious rooms and 24-hour security that make it ideal for groups of friends and family to enjoy a special Ibiza vacation.

The whole house is illuminated with LEDs, creating an incredible atmosphere at night when Dalt Vila lights up.
